Yes. I can. If you are getting multiple bids please talk to me before you decide. If we need to work things differently to fit a budget I will.

Hi Tom...just spoke with your sprinkler guy, Jim!  
He is going to scan and email me his quote...he says  
the 2 of you got together and walked my property so  
he would have everything covered when it comes to  
your ideas...were you going to shoot me over your  
quote? You had mentioned you thought it would be  
ready by now?

Would be great to see!

Thanks, [REDACTED]
