She goes by [REDACTED]. I believe she is [REDACTED]. She will be taking the TOEFL soon and wants Accommodation Documentation so she will be afforded more time.

I am in the midst of speaking with my boss regarding your request for \$2500 (half payment) for this Saturday's test and hoping we can set up another appointment for her to complete the testing next time we can get her to NY city.

I neglected to write down your actual address...I have [REDACTED]
