Hello Marilyn...I rec'd your email address from Lauren in Bill Gates' office! Jeffrey and Paul ran in to each other the other night in Vancouver and Paul mentioned to Jeffrey he should see Paul's "Mouse/Brain" project...Jeffrey will be meeting with Bill tomorrow and hoped he could then swing by and see Paul's project. Jeffrey should be finished with his meeting with Bill by 3pm...might it be possible for Jeffrey to then come to Paul's office where he can view the project?

Please let me know...

Thank you,
