Just have to switch them they are all the same size. The high gloss looks good.  
Starting stone tomorrow. Floor sanding March 17th.

Hey Bob...I know you kept telling me all the drawers in my office are the same size, but Norbit made the file drawers the 4 drawers on the right hand side (if you are looking at them) I had requested they be the 4 on the left...if they are 'built in' just leave it...but if it is a matter of simply lifting them out and putting in the four drawers to the left lets do it...but I think they are 'built in'

Please let me know..
