Subject: [REDACTED] Home Lighting

HI Bob and Tony...Bob requested I send him the information concerning the lighting so we are all on the same page. Bob, I plan to work from home on Monday Feb. 24th...will you be at the house? I'd love to meet you at 10:30 to go over the below:

-Kitchen Island: I have ordered 2 different sets of pendent lighting. I need to open the boxes and take a look with Bob to determine which to use.

-Master Bath: I have ordered 2 different chandeliers. I need to open the boxes and determine which one I wish to use.

-Powder Room Bath 1st Floor: We are wired for a fixture over the mirror. I did not order a fixture for over the mirror...instead, I want to install a chandelier if it is possible. We need to make sure this box is opened carefully and everything kept in tact...if it will not work, I will need to return.

-Game Room Bath: I ordered a pendent light. There is a canister light in there now. Hoping this fixture will work...box should be opened carefully and everything kept in tact in case it won't work and I need to return it.

Thanks so much!!

(bob, let me know about Monday and if I can meet you at 10:30)
