what do you want to do? Can you take a sample and have it matched? this is an important piece of the house...we could just order it...probably double what we would pay if you could just have it matched however....

Nice to hear from you - I trust all is well this Winter?

I don't know the primary source of the stain - Manufacturer is tight lipped when asked. It could be their own blend for the Wenge.

Has Bob brought a sample to the local paint/stain retailer to match? A good option.

If not, a Quart easy to get, scroll thru previous emails for info and costs.

Let me know, a phone call and credit card can get the stain ordered.

Hope that helps.

Sincerely,

Hi Chris...
it's been awhile! Hope all is well...Bob is asking if I can find out the exact manufacturer of the Wenge stain that was used on our island cabinets. Might you be able to pass along to me?

Thanks, [REDACTED]

Hi Chris...I shared with Bob but he seems to think he can match the stain himself...I appreciate you looking into this for me though! If something changes, I will let you know. Hope you had a nice Thanksgiving.

The Island is Cherry with a "Wenge" stain.

The stain & stain wipe are shipped together
& the topcoat & catalyst

are in separate carton.

Be sure the individual is familiar with all. The
Manufacturer

applies the process in a controlled environment and certified staff.

I am waiting to hear back from the
Manufacturer for the costs and

shipping, I'll know after the Holiday weekend.

Have an enjoyable Thanksgiving!

Speak to you soon.

Sincerely,

Subject: Exact Stain and Wood We Used?

Hi Chris...might you be able to email UltraCraft and ask them

exactly what kind of wood they used (maple I believe) and what exact stain they used (Wenge, but who makes it and did they condition the wood prior to staining? If so, with what did they condition it with?)

We want to match our Family Room
Breakfront to the kitchen

island..if you would like, you could give me a contact name/number at
UltraCraft and I could give them a call?

Thanks,
