After pow-wowing with Bill Murphy, we've concluded that I need to call
TimeWarner and have them change the configuration on
the modem & fix the settings on AirPort Extreme "Main
001".

I'd like to setup the new base station in the second floor library at the same
time.

Will you be available to host me on Thursday AM?

Hi ████,

James is booked all day next Wednesday. Thursday and Friday are free at the moment, though.
