[REDACTED], thanks - my apologies again for the long wait on this.

I need drill down on a few more numbers but the invoice is essentially a comprehensive overview of the research I'm planning on making my life's work.

It's very ambitious and some initial funding will be critical in jump starting the whole project.

Thank you soooo very much. Hope you had a great time snow boarding!!

I will pass this along to Jeffrey and I'm sure he will be in touch.

Hi [REDACTED],

Sorry for the delay. I was busy catching up on clinical work and snowboarding all last week with friends in Breckenridge.

Please pass on the attached invoice to Jeffrey. There are quite a few attachments so I would instruct him to start with the invoice which will make reference to other attachments (and put them in proper context).

I provided a lot of info (erring on the side of providing more explanation rather than too little).

Jeffrey should feel free to contact me anytime with questions regarding the invoice by email or cell phone [REDACTED]

Thanks!

Joe
