Hi Jen...lets have Alan do the sealer...
:) thanks

because this is not a regular water based sealer that any one can apply it must be done by a certified technician, which Double A is. It needs to be applied correctly, buffed out etc it's not just the wipe on kind.... Again, this is an upgrade. They do seal all pieces with a commercial grade sealer which still is good but it needs to be maintained.

Subject: Re: sealer

thanks Jen...could I possibly purchase the sealer from you and apply myself?
what would that cost?

To seal your counter tops with the 15 year sealer it would be approx
\$1300 plus tax.
This includes the sealer and the cost for the guys to put it on.

Let me know if you have any questions.
