Hi [REDACTED],

I just need to finalize and price the best software tool to use for some individualized custom genome analysis I have planned. I've got it down to 2-3 potential vendors now.

I should have the final invoice for you and Jeffrey by end of the day Monday (after I'm done seeing patients). Apologies for the delay and have a nice weekend.

Joe

Hi Joe. Jeffrey is asking for you invoice. Have you been able to get together for him?

He is anxious to receive!

Thanks, [REDACTED]
