Just a round over. If it is white, ask him if he can make it look like corian. What good would corian do you in the laundry. Let's fake everybody out. How much would upper cabinets cost. We could put them in and I will have the trimmers put some crown up on the cabinets.

I have formica in my laundry room. If you pick the right edge it can be nice.

Hi [REDACTED]

For corian- \$3000.00 with tax and installation.

Formica- \$1390.00 with tax and installation.

Thank you!!

Mark.
