Yes I keep repeating you the same things because it's the way I feel everyday and hope that one day you will understand what I feel and how devastated I am. Feelings are shaped by a multitude of different shades and it's not all Black or all White as most Americans think and see things. =C2

You tell, you tell but in the end you are not there. Telling and guiding someone are 2 instinctive things. I understand you want your freedom but this is not the right way of treating a girl. I've always believed you were a good person. You made me believe you truly cared when in the end I was just a fuck girl for you. If you were really sorry I ended up like this you would have done something instead of abandoning me the way you did. You hurt my feelings like no one else. Because of all this story I don't even have a qualification now and find a real job, how do you think I'm going to fix my situation alone ?? I wake up everyday missing a person who doesn't give a fuck about me.

You were told over and over. You chose to ignore because you know best. Silly we've had this discussion before

If I would have had closer guidance I wouldn't have found myself in this situation.

you drive people away - then complain you are on your own. you wanted to do
things your way. and though being told the results will be bad you continue please know however that I m sorry you
find yourself in this position. truly, only you can fix it.
