He did say that they will not do well over a period of time but if your happy with the one's already on LSJ that have been there for years you will have the same result with these.

I thought randy said that these dates would not do well on the island ,as they were raised in the desert

Jeffrey,

The estimate to purchase from Randy of a dozen date palms of 20' off clear trunk is:

Purchase and deliver from California to Florida is	\$ 74,265
Estimated Shipping to ST. Thomas on two 40' flat racks	\$ 7,000
Estimated cost for Randy to fly to California to tag the trees	\$ 1,000

Total estimated cost is \$ 82,265

Igala reviewed the cost and agrees this is a good deal

Please advise if you approve and we will get the ball rolling and have Randy go to California to tag and photograph the trees

Thank you
