the pool needs to be pulled back closer to the south, otherwise the corner eats into the road.. I did it on site. it needs to be back at least ten feet closer.. so almost 4 feet away from current little walkway. then opening to larger area in middle.

Gary,

Nice to speak with you again today. This email is just to confirm the latest direction we are moving forward with today.

The attached sketch is the one you sent me this morning. I added some notes from our conversation. Work Authorization 2 was for the development of the previously approved layout (pool to north, existing living room converted to media room, new living to east), but instead of that, we will apply our services to the revising conceptual plan per this new layout.

Our intent is to send you some conceptual plan sketches later this week, update them after we receive feedback from you next week, and prepare materials for a work session with your team and Mr. Epstein the week of 10/18/10.

Please let me know if you have any questions or comments!

Thanks,

Warwick

Thanks, Jeffrey. We are working on options for the new layout now, and can address the spa area next.

Thanks,

Warwick
