An accountant.

Cfo of country (not hq) i= fashion has very limited power/experience. Brands are run centrally and g=obally. Also he seems to have experience in brands that went bad (Lanvin, =saia, etc) where he did not have the chances to learn from a bizzarri or c=rinali (there are only a handful of executives that are able to create an= grow great brands, the others keep going in and out like polletto ousted = few hours ago)

Thx
