I appreciate what you guys are doing behind the scenes, BUT, I am begging you not to second guess Michael's decisions to help me make the=right decisions. If it weren't for his help, Linda and I would be much les= focused on having the right game plan for me. He's been so generous with=his time, and concern for me WHILE WORKING HIS ASS OFF SEEING PATIENTS WHO A=SO DEPEND ON HIM. He calls me 4-7 times daily to make sure we do everythin= right. I know you're probably asking how I could have possibly let this g=t so far.... Well, statistics show that 70% of patients with metastatic lu=g cancer have no indication until it's too late. I go in for annual physic=ls...EVERYTHING NORMAL. My internist saw something on a routine X Ray last=week, that wasn't even seen on the ER X Ray 2 days later. The CT scans fou=d more, the MRI's revealed the worst.

Please don't second guess Michael or even think about holding him remotely r=sponsible for ANY outcome. It's my life (what's left of it), and I put my m= full confidence, appreciation in Michael doing this for me. I know you gu=s mean well, but with all your connections, well-meaning suggestions, and h=lp, neither of you are oncologists... Michael is.

I love you guys

Keep on Pushin'
