Hi Mark,

So what happened with my request to get job employment/status from =effrey? I Just Spoke with Jeffrey Directly and he says you never =entioned this to him.

This is a concern to me because Jeffrey just told me everything is ok.

The reason I am concerned is there are many projects in motion and we =eed very specific understanding and who is part of the team to deliver =olutions.

So please update me on

the Zorro Project

-theater and gym

████████████████

-movie av system

I have to ask directly: who is telling you that "i am out"

As I think you understand from having worked with me @ ████ last week, =ot only does it take a lot of knowledge to do the job, but in Mr =pstein's case knowing the properties is incredibly important (the =irport fell behind the printer) one of a maze of them.

Point is the team works best when the job order from Jeffrey is =nderstood and it is critical that we resolve issues in a un-ambiguos =ay.

As of right now my understanding is I am on the team, I just heard this =irectly from JE.

So whoever my detractors are they are not in charge JE is.

If you think it is needed I am more than happy to have a face to face =eeting on this.

thank you

Scott Denett
