Happy thanksgiving!&nbs=;

Wanted to follow up on our call earlier this w=ek to say we appreciate the call and your concern as a friend to Mort. &nbs=; Further, as you indicated, we also appreciate that you will refer future m=tters to our attention too when Mort calls. As you can imagine, Jami= and I want what is in Mort's best interest and want to avoid situations wh=re he hears comments that could be construed as alarming to him when presen=ed without all the relevant facts or are at cross purposes to what is being=done or what has been put in place.

In the meant=me, I hope you are enjoying the warmth and clear blue skies in the Caribbea=.

Best

Eric
