are you going to stay out on the west coast until google ?

3 levels of DOJ review

entire hierarchy of USAO involved with AA in decision-making

weakness of fed jurisdiction - going home (2243), no inducement as that term has evolved (2421), no trafficking for profit (1591 as then defined by caselaw)

waiver of liability inviting civil lawsuits that relied on NPA to limit defenses, recover millions as CVRA held in abeyance

uniqueness of 2255 waivers and remedy

over 11 yrs since executed - full performance of terms of agreement including plea to a state offense more onerous than the one the GJ/State Atty selected

sex registration

no recidivism

finality is an interest that has been prioritized in fed justice system

no wrongdoing in negotiating the NPA: lawyers did their job, advocated, SD Fla followed DOJ Crime Victim policy, SD Fla had their own independent litigation interests in not notifying certain "victims";

State treated me on terms of work release, home detention just as they do others - equal treatment was a condition of NPA
