I don't think I'm being clear.

Mr. Epstein gave Amy a suggestion for a new landing. She was to investigate, after determining its viability she was to take me and WAPA to see the new landing so we can adjust the distance. The weather has been windy with rough seas that delayed her access. I have not seen nor do I have any information on the new landing at this time. I have been patiently waiting even though a portion of my pay has been withheld until this is completed.

Mr. Kahn,

I am still waiting to be notified of an available time to view the new landing. My understanding is that it is being coordinated with WAPA so that only one trip is necessary.

We are going to Tortola with WAPA this week to finalize the landing site. GSJ stuff is ready except for land stuff wh=ch Hugo needs to finish off, now WAPA is the critical path and we are movi=g on that, we have just been slowed down by the awful seas which have prev=iled the last month.
