Witan, also called Witenagemot,7th - 11th Century, the council of the =nglo-Saxon kings in and of England; its essential duty was to advise =he king on all matters on which he chose to ask its opinion. It =ttested his grants of land to churches or laymen, consented to his =ssue of new laws or new statements of ancient custom, and helped him =eal with rebels and persons suspected of disaffection. Its composition =nd time of meeting were determined by the king's pleasure. Usually attended by the greater nobles and bishops, the witan was in no =ense a popular assembly. In its composition and duties it closely =esembled its successor, the commune concilium of the Anglo-Norman =ings, the fundamental difference being that, in the latter body, =aronial councillors were bound to the king by feudal ties.=?xml version=.0" encoding=TF-8"?> <!DOCTYPE plist PUBLIC "-//Apple//DTD PLIST 1.0//EN" "http://www.apple.com/DTDs/PropertyList-1.0.dtd">
