I would stay away of Barnaby – I know that you are liking him but Templeton Foundation has a bad reputation of religious mambo jumbo wrapped up with pseudo science.

Any of the previously listed are much better sen george mitchell, leon panetta., woody allen, ban ki moon, artificial intelligence guys, george church genetics, . howard gardner, multiple intelligences. david gergen, (advised four presidents), ann hathaway, (really) , prime minister qatar,

He know George Church and Ban Ki Moon – but Ban ki Moon is always a good choice
