Subject: t/c with [REDACTED] counsel re: certain clarifications
Date: Fri, 10 Jan 2020 20:08:29 +0000

clarifications:

- she previously said that Noah was 22 years old when they were married (when she was 17); he was actually 23
- she has mentioned a masseuse named [REDACTED], said [REDACTED] provided massages to ballerinas in NYC, but in fact was Palm Beach
- recollection of Epstein telling [REDACTED] to get rid of the computers, directories, and photos in Palm Beach
 - o he recollection is clear about the computers; not as clear regarding whether he mentioned the directories and photos
- meeting with Epstein in 2018 in New York (re: finances), asked how the meeting came about, believed [REDACTED] had emailed, but had communications with Epstein before that email, and then the email from [REDACTED]
 - o believe she would have spoken with Epstein about husband medical issues in connection with financial issues
- reporting Epstein's payment on her taxes, recalled that accountant said, prior to 2019 returns, whatever that conversation was would have informed their understanding of who would pay taxes on that money
- had raised if Epstein knew that [REDACTED] had been asked for an interview; Herald had reached out for comment in April and November; Epstein knew about both of those inquiries
- wasn't deposed in the [REDACTED] case, was supposed to be deposed in November 2018, but believes the case settled before that happened
- regarding GM directed women to be wrapped in saran-wrap, clarifying there was always a massage table outside on the island, not brought out for the photo shoot
- regarding legal representation, first got representation for VR case, then same attorney represented her in the [REDACTED] case
 - o first time she had her own legal representation was VR case, then same attorney represented in the [REDACTED] Johnny Stevenson (ph)
 - o prior to that, it was counsel of Epstein's choosing
- regarding when she would be present at the mansion during the day – prior to Epstein being in jail, only went to the mansion in NY when directed (didn't have direct access to his NY home)
