Re: Jeffrey Epstein Investigation

Dear [REDACTED]

Please allow me to convey to the US Attorney General and his investigation what may be useful information regarding the investigation of Jeffrey Epstein's involvement with various females. I am not aware as to which AUSA is conducting that investigation; therefore, I have chosen to communicate with you, whom I know to be an astute and conscientious AUSA. I hope you will pass along this information to the proper persons in the Justice Department for immediate consideration and action, if required.

Attorney General Barr several months ago indicated in public that his office would be pursuing every person who assisted Jeffrey Epstein or conspired with him as to his abuse of various young women. There is a woman who appears to have done so repeatedly, who has remained until now out of the reach of the investigation. Her name is [REDACTED] Ms. [REDACTED] is a [REDACTED] national who maintained an apartment in NYC until the Epstein investigation became public via AG Barr, whereupon she removed herself to Sweden, out of reach of US authority. However, she returns quietly to the US today, to remain here for several days in NYC.

Ms. [REDACTED] repeatedly procured young Swedish women for Jeffrey Epstein's pleasures, through an operation called "[REDACTED]" aka "BBB." This shell organization is actually only [REDACTED]. Over several years, Ms. [REDACTED] held out to attractive, young Swedish females that they could be placed with major American businesses as interns for at least a year, via BBB. This actually appears to have occurred,

but various young Swedes would be placed with Epstein. He paid Ms. [REDACTED] a considerable sum of money for this (Parenthetically, Ms. [REDACTED] also introduced a soft porn star to Swedish Prince Carl Philip, Duke of Värmland Crown Prince, whom he married.). All of this background info is available on social media. I have considerable social media documented information about BBB and Ms. [REDACTED]. Many of her BBB postings and photos suddenly disappeared once AG Barr spoke on Epstein. To be sure, [REDACTED] was a major player in the Epstein sickening saga. She is well connected in royal and elite Swedish and NYC circles. [REDACTED] has been a Swedish ambassador for many years.

Ms. [REDACTED] lands in NY/NJ today, 3/9/20. It may be that the US Attorney's Office would wish to confront her before she slips back to Sweden. I am not sanguine that she will easily be cooperative. We are trying to get a location where she will be staying.

I am personally an acquaintance of Ms. [REDACTED]. My life partner is as well.

Very truly yours,

[REDACTED]
