Do we have [REDACTED] first name anywhere? If so, can we add it and change the entry to "[REDACTED]"? Otherwise, looks good to me.

Nothing specific - just to give it the final go-ahead in case there is anything you feel needs to be changed. The only difference from the previous version is the addition of [REDACTED] as employee 30.

Yes, please. And what would you like us to review in the index?

One more thing – we previously discussed making a note on the cover about the text/native files from the Relativity export being confidential given they do not bear physical stamps. Do we still want to do this before sending the letters?

Before I email them and share the productions will you take a look at the anonymizing index attached?

Here are the final cover letters. You can send them to defense counsel and give them USAfx access whenever it is ready. Thanks a lot.

Redactions and stamping are all set. Everything is currently being zipped for upload to USAfx. I've drafted up cover letters to both [REDACTED] and [REDACTED]. They are attached and saved on the shared.

Once I apply the redactions and stamp those documents, the production will be ready to go out. I will let you know once that is finished.

As per the attached, there are no additional redactions in the two outstanding FOIA email files. Let us know where the discovery stands.

Thanks

Hi [REDACTED]

I apologize for the delay, I've reviewed the two files please see attached V3 of the spreadsheet.

I am flagging 2 parts I was uncertain about, similar to earlier. (See below & in the spreadsheet)

On Emails 2_Part 4: I did note the same category as earlier with an email chain from [REDACTED] counsel regarding leak/retaliation at MCC of a news story of [REDACTED] questioned about attack on Epstein, and also on pg. 104 where Epstein informs a psychologist that [REDACTED] discussed potentially injuring him without a guards' report.

But both of those I was a bit uncertain whether they should be withheld.

Hope this helps!

Hi [REDACTED]

Yes of course! I'm in class right now, but I should be able to work on this afternoon, and hopefully turn it back around by around 3pm if that's okay?

[REDACTED]

There are replacements for the two corrupt files in the same shared directory you used before. Would you be able to take a look at those today and add them to this version of the spreadsheet (which has a few edits from what you sent)?

Thanks so much,

[REDACTED]

Hi [REDACTED]

Okay, I finished up the remaining (pending the 2 pdfs I cannot open). I also noticed an error in the previous excel sheet, please utilize V2 moving forward (attached).

I grouped & highlighted 3 portions of different PDFs that, potentially could be withheld, as they're email correspondence regarding [REDACTED] but in relation to an Epstein incident. I tried to better define them in the spreadsheet and color coded by grouping. For the most part, each group is the same email chain, albeit with a response or two added.

Thanks for this. I will ask our paralegal to check out the damaged documents.

Hi [REDACTED]

Following up with a quick update, I've got 6 PDF's left to review. Wanted to flag that for some reason 2 of the PDF's (Emails 2_Part4 & Emails 3_Part 2) will not open and I get a "document is damaged" error from Adobe. I've tried logging out of the portal and restarting computer but no luck so far.

I'm attaching the current spreadsheet so you can see how I've gone about flagging portions of the PDFs. I've noted a few uncertain areas in the notes where it may be [REDACTED] issue but related to Epstein/request to be interviewed or for preservation.

Hope this is on the right track!

Hello [REDACTED]

As we discussed, I would like you to review the email files only in the folder listed below. Please identify any pages in the documents that relate solely to (1) the conditions of confinement for [REDACTED] or (2) emails with [REDACTED] regarding [REDACTED]. You should create a document (spreadsheet maybe) that identifies the name of the PDF file and the pages that fall in each category, so that the paralegals can redact those pages.

Here's where you will find the documents: [REDACTED]

[REDACTED] Sixth Production\BOP FOIA Records (not redacted)

You only need to review the emails, not the other documents in the folder.

Let me know if you have any questions or issues once you start working on the project. Let's aim for the end of the day on Wednesday.

Thanks for your help,
