Re: Information About One of Jeffrey Epstein's Victims  
Child Abuse, Rape, Homocide.

Dear [REDACTED] F.B.I. Director.

I have some information you may be interested in which is high profile, and I am somewhat afraid because these people are very powerful so at this point I won't write the name on paper in 2018 we did contact the office prior to my arrest. I was involved with a Jewish female who is approx 29 now. There are records to show that she was pregnant at the age of 12 her father is very powerful and had raped her since the age of 8 yrs old she also visited Mr. Jeffrey Epstein's mansion twice and was highly favored on the web site Seeking Arrangements, when she was approx 14 1/2 old she was raped by four males in a bar, case recently settled 2.5 million, she obtained a drug habit as she started working for a bank, millions of dollars were taken and she was fired and sent to a rehab after being stopped in a car with over a key of Cocain. the rehab located in the area I lived we met and became close, my life was threaten which has made my life a living hell, because of her father who is well respected and considers me to be a monkey, he's cover up approx 3 homocides for her one in my area of town where she injected Fentanyl into Phil who she knew wouldn't live after giving him a deraf mixed. prior to our involvement, she told me that her and her friend at that time wanted the drugs and this guy Phil couldn't inject his-self, so they took advantage of that. this case was swept under the rug because of her father's power and her friend's father's power and image.

If you are interested in more information about this and can secure my safety, I can prove these things, and the powerful positions these people are in at this time. There's a lot of information I'm sure your office would be interested in. Contact me

Sincerely, Forest Fate
