Importance: Normal

[REDACTED]

The Attorney General Guidelines for Victim and Witness Assistance (May 2005) provides that “responsible officials should make reasonable efforts to notify identified victims of, and consider victims’ views about, prospective plea negotiations.” Article IV, Services to Victims and Witnesses, p. 30.

Has an agreement been signed with Epstein? Did we notify Jane Doe that an agreement was about to be negotiated, and the outlines of that proposed agreement? Thanks.
