---

[REDACTED]

[REDACTED] has reviewed my draft response and your final declaration. He wanted to leave out specific details regarding the plea negotiations, since plea discussions are normally held in confidence. Also, he wanted to leave out Epstein's attorneys' undue haste in hurling accusations of misconduct at the prosecution, since that does not address the claims presented by petitioner.

I have revised the response and your declaration accordingly. Please review both to ensure they are accurate. Thanks.
