Sure! Will, if you can shoot over a draft of the cover letter whenever it's ready, I'll add a very short footnote.

Thanks! [REDACTED], would you please handle the cover letter revisions to include a response to Everdell's recent letter?

The last of the PBDP surveillance video footage saved [here](#) is being converted to a viewable format. Once it's finished, which should be soon, the production will be ready to go out. Everything else is stamped and on the [shared](#).

Please just stamp the pdf and remove the txt file. Thanks!

Quick question. The investigative file here [REDACTED] has both a .pdf and a .txt version of the documents. The contents of these files are identical. Should I be stamping both or just the pdf?

I can stamp this first thing in the morning. The usable Amex production came in today and the video/audio files have been converted to useable formats. Other than that I don't think there were any hiccups holding us up.

FYI, I moved all of the 72 case stuff into that folder and renamed it so that it is separate from the rest of that production.

Hi [REDACTED]

Just checking in on this discovery project – I think the folder is now here:

[REDACTED]

Do you have a sense of how long this batch will take to prep?

Thanks,

[REDACTED]

Hi [REDACTED] and [REDACTED],

We are planning to make a supplemental discovery production in a few weeks (after superseding), and we wanted to send you the materials in advance, particularly because they contain some audio files that may have some issues. The materials are in the folder below – could you please take a look and begin prepping them?

[REDACTED]

As always, thanks so much for your herculean efforts on this case.
