Just got another call from this victim. Could someone at FBI please reach out to her, even if it's just to schedule a later follow-up?

thanks very much,

[REDACTED]

I just got a call at my office from an individual who got my name from one of the plaintiff's attorneys, who wanted to report that she had met Epstein through Leon Black, who had abused her for some time approximately (starting?) [REDACTED] years ago, when she was [REDACTED] years old. I didn't want to get into any factual details without a witness present, so I just asked for her name and contact info. Could one of you, or another member of the squad please reach out to her? I don't have any sense of whether her experience involved criminal activity, but she seemed thoughtful and lucid in our very brief discussion, so I do think it would make sense to have someone get a statement.

Her name is [REDACTED] and her number is [REDACTED]

thanks very much,
