[REDACTED] just tried giving you a call but missed you – [REDACTED] and I are working on getting all our approvals for a trip to [REDACTED] starting February 3, and on the foreign travel questionnaire it refers to a requirement to complete a “DOJ-504” if you have TS/SCI clearance, which we both do. I can’t find that form anywhere online – is that something we actually need to do, and if so, could you please send us a form or example, or point us in the right direction?

thanks very much,
