Hi ██████,

Thanks so much for sending this. No need for a 302 on this, the notes are all we need, but thanks for asking. Hope you're doing well!

Thanks,

██████

Hey ██████,

Hope all is well on your end. ██████ found one page of notes that I took back at the original Epstein search back in July 2019. The notes are from the interview I had with Sonam Dema, the housekeeper. I did not write a 302, happy to do one now, but given the time that has passed it might be to just upload the notes to Sentinel as is. Let me know if you want a 302 or anything else.

Thanks,

██████
