Dear Geoffrey Berman, US Attorney for the Southern District of New York;

In the aftermath of the Epstein net of victims, let me bring your attention to a predator in Manhattan, also Palm Beach, who operated in a very similar way.

Peter Knoll (deceased) had the very same methods as Epstein, and one might speculate that they knew each other, and/or Peter was a "mentor" of sorts.

I'm speaking from personal experience as a [REDACTED] when Peter Knoll was an active predator in his townhouse on the Upper East Side.

[REDACTED] I'd like to present his name and make you aware that he may possibly figure into any network of associates of Epstein.

Sincerely,

[REDACTED]
