If everything goes according to plan and there are no issues the estimate from the vendor is that the large production should be completed and copied to a drive by November 19<sup>th</sup>. Please note that this does not include the Florida documents which the vendor is working on right now.

Thank you very much [REDACTED]. At this point, can the vendor give us an estimate of (1) when all seven parts will finish bates stamping, and (2) when all seven parts will be saved on the drive?

Hello,

The vendor had to break up the production into seven parts. As of right now the vendor has finished parts 1 – 3 and is about to start on the stamping of documents for part 4. The vendor has exported part one to the hard drive and is currently working on exporting part two to the hard drive right now. Part three just finished about 10 minutes ago and the export has not started yet. You can review the productions by going to the following searches:

[Q SDNY\\_PROD015 - PART 02](#)

[Q SDNY\\_PROD015 - PART 03](#)

If there are any questions please let me know.

Thank you.
