schoolgirl

the language

use words silly, naughty, boys, kissing, mens genitalia as willies almost present like she younger than me - I didnt talk like that

only time we on phone was for her to invite me to something

1st convo

nothing overtly sexual  
underlying tone

Oh you dated [redacted] is that what  
you like.

if she had said something sexual  
been inappropriate

I was really young & she  
a stranger & much older  
woman

In England you just dont  
talk about that

would be abrasive &  
rude

& she wasnt rude -  
'she overly helpful  
'tea alright what can get you'

my mother tells  
me she met  
GM on one  
occasion but  
I dont remember  
that but  
certainly a  
possibility

told GM  
dont remember  
if 1st occasion  
or separate  
dont remember  
if by 1st massage  
of JE

my mother would get headaches  
a lot - I would massage my  
mother on her head/hands

mother was eccentric, vibrant lady  
but gets migraines

GM talk bout father

at my age didnt  
want say I didnt  
know

"you know what needs be done"  
"you know what I mean right"  
"of course you know"

Gim said

her dad was very difficult  
She had dog called Max  
I met dog few times

after 1st message

daughter (7) sleeps w/ me

got threatening phone call some yrs back

I know GIM likes she's someone in my fam  
& I know if she could kill me she would  
then go have lunch

you do whatever is necessary  
she has obsessive personality  
you do what is required & she  
wouldn't feel bad

she's never going to be remorseful  
unless it's a performance  
As a victim of hers & JE  
I don't want her to be punished. I want  
her to be SORRY

she spent  
quite bit time  
in states

1st 2-3yrs always initiated by GIM  
occasionally scheduling thru JE secretary.

"oh we'll have to get you over to NY"  
"or if you're coming to NY we'll  
have to get you place to stay"

GIM call & check in w/ me

she initiate phone call "I need your help"  
I doing quite bit of modeling at time &  
I'd tell her

everything was  
easy  
nothing out of  
reach

She say we'd have to get you over here  
Want go on trip

bt I met Je she talked bout him like he  
was god  
like he could do anything like magic  
person  
he's gonna love you

↓

The massage therapist not available &  
I need you & Je loves you & you  
have strong hands

she always call  
when she in London

she almost make sound like she irritated  
act like she irritate I was picked  
over her

also call me from  
NY

"I insisting it's you, what am  
I chopped liver"  
acting fake annoyed

we just took plane  
to island. just took  
helicopter to this  
place

little bit vulgar but Je like that  
everything he said

little bit over  
the top

talk bout money a lot, should I  
buy another island  
talk in front of staff what make  
lot

GM tiptoe around Je everything cater to  
him

Subject of muffins  
was thing  
had have  
certain kind  
of food

JE direct w/ staff  
I didnt see him get angry w/ staff

GM get mad at staff when something  
not go right  
one day I heard her scream on  
phone

certain kind  
Sweatpants  
laundered in  
certain detergent

GM seemed be terrified he would  
leave her  
JE had short attention span  
She had give him reasons to keep her

GM asking all the  
time, "who do you  
know"

GM talk bout needing young, pretty  
blonde girls you know what he likes  
he's high maintenance, demanding,  
one person cant heed that much sex

after 1st 2 massages

she initiating bringing girls  
Remember [redacted]  
I felt protective of her

GM always call direct  
JE never call direct - secretary call  
‡ connect me [redacted]  
wasnt till much later had direct

introduce me  
to Harlan Peltz  
b4 married (22)

last time I spoke to  
GM she said she  
dating wealthy high  
profile man

I understood JE pay for everything

GM told me he got her house in  
NY

I knew what happened w/ her dad  
so no way she could be doing stuff  
on her own  
her father losing everything

almost like she show me if he likes  
you this what you can get

← I been to NY GM  
house - where  
met her bro

GM NY house was later

GM would say "we" (JE & GM)

"we can do this"

"we're <sup>might+get</sup> gonna get place in LA"  
things like that

When you grow up  
ask this in  
beginning

GM say "what do you want to be  
When you grow up"  
"we can make it happen"

I think GM torn b/c she wanted be  
enough but knew she couldn't be so  
she found people so she could keep  
all the stuff

I was the most like her - I think on most  
levels. she had genuine connection w/ me  
I had  
look he wanted  $\frac{1}{2}$  age he wanted
