OFFER Ensuring do count  
Expect OFFER knows importance  
on own

only 1 person - "you hope"  
for the most part we do.

Staffing issues @ MCC  
things happen - it's a prison

STAFF to Maguire?  
short of staff drastically  
for years  
Peter to pay Paul →

→  
Constantly having to shift to  
fill our required duties resp now w/  
Additional now obligated duties

Short staff → lots can happen  
can't do duties the way  
you should - overwhelming →  
constant.

"Work to live" - Problems but Nothing  
Done can't always give  
110%

My life does not revolve around me  
Not required to give you our  
lives. Our body's can't give that  
much. Better things to do than work  
16 hrs or 16+ hours.

Inmates Aren't Angels - Drugs, Phones  
Shanks - Adds to stress

We walk in no guarantee walk out  
→

→

Do things happen because tired  
you make mistakes - they get  
bigger - things "just happen"

Ever caught Anyone NOT doing A

NEVER HEARD Anyone discussing

Training on count ?

BoP 101 importance on  
taking count - Rely on living  
Breathing people

If environment is great you  
are creating opportunities for things  
to happen

No one would tell me no counts

→

→  
When they call it in we know  
I see them walking around

Not All done @ same time  
I see them walking around

\* Usually I take midnight count

I make them
