[REDACTED] is there a way to track when the two disks got to the facility? Is there a tracking number we can give counsel at MDC to have them check if the disks were delivered to the defendant? Thanks!

The drive and the password sent under separate cover were both delivered this morning (Monday 11/1) at 8:54am.

Tracking number is 816614299325 for the drive and 816614299336 for the password.

Can you please let me know when the hard drive we sent on Friday was delivered to the MDC according to the Fedex tracking?

10/26 – we sent a disc via certified mail to MDC containing 10/25 production of [discovery](#) and 10/25 productions of [TW](#) and NTW ([restamped material](#) and [new material](#)) 3500 material

10/29 – we sent a disc via certified mail containing 10/28 production of [discovery](#) and 10/28 production of new [GX](#)

10/29 – we sent a hard drive via FedEx containing all of the productions described above plus the 10/13 [discovery](#) production per defense counsel's request (which would have been separately certified mailed to her on 10/13 or 14 on a disc, though [REDACTED] would need to confirm that)

I have the tracking numbers for the 10/29 productions to MDC but will need to confer w [REDACTED] re: where to find the tracking number for 10/26 if you need any of that information.

For ease of keeping track of this going forward, I am going to make a folder in !Trial > Paralegal called "Productions to MDC" into which I'll add copies of all productions sent to MDC going forward (including the aforementioned ones).
