The agent at Trenton RA who attempted to interview [REDACTED] regarding [REDACTED] statements that he had information relating to the 1985 homicide of Columbus Ohio attorney Arthur Shapiro and Esptein's connection to the case just contacted me.

As you may recall, [REDACTED] would not speak to agents in October 2010 without having a court appointed attorney present.

The warden at Ft. Dix alerted agents there that [REDACTED] provided a 1 hour taped interview today to Newsweek and a publication believed to something with Daily in the title (Daily Mail perhaps) regarding [REDACTED] own case/ imprisonment and his knowledge of the circumstances of Shapiro's homicide.
