[Black Book Pages 2.pdf](#)

Hi everyone - I never heard back from the AUSA in New York, but I would like to follow up on this issue soon, if we could. I am meeting with the attorney for the "butler" today to do a preliminary discovery conference. These are the relevant pages from the "little black book." The handwritten notes are the butler's. There is no specific list for New York, and I didn't want to scan in the whole book. After you have a chance to take a look, let me know if you would like to do a conference call. Thank you.
