Can you please make sure the metadata is scrubbed from the current versions of the exhibits? (I know we made some changes since you sent this email).

Thanks,

Hi, all! I've stamped the first versions of Exhibit 5 and 7 as Confidential, and redacted the second versions of Exhibits 5 and 7; all Exhibits are saved here [REDACTED] scrubbed metadata where possible as well. Thanks so much! Please let me know if there's anything else I can help out with where I can.

Thanks so much for helping out. The exhibits for the brief are located here:

[REDACTED]

There should be two versions of each of Exhibit 5 and 7. The version that says confidential should be stamped with confidential, no redactions. The version that says redboxed just needs the redactions to be applied. The title can be Exhibit 5 (Redacted).

Can you also please scrub the exhibits for metadata and shrink the file size of exhibits where possible?

Please let us know if you have any questions.

Thanks,
