Awesome, thanks and sounds good. Let us know if you need subpoenas from us, or if anything else on our end would be helpful.

Already on it. Saw the articles. We've already connected with St. Thomas to get the ball rolling.

Subject: RE: St. Thomas airstrip employees

[REDACTED]

Multiple workers at the airstrip on St. Thomas have been quoted in two recent articles saying they repeatedly saw Epstein fly in with girls they believed were minors – see here, for example:

<https://www.insider.com/airport-workers-say-they-saw-jeffrey-epstein-traveling-with-teens-2019-7>

Would it be possible to interview employees there to see if we can identify those folks (who are anonymous in the article) and get additional info? I think could be through leads or your folks, whatever is preferable for your unit. This could be relevant not just for the current case but in connection with a potential search warrant there, which I understand some of your folks have been asking about.

thanks,
