My calendar and [REDACTED] is quite flexible, so I am sure we could arrange a time. I will need to check with Jack Scarola, as the time gets closer to see what would work for him. Also will go over with [REDACTED] any identifying marks etc, and provide you with that info.
Thanks

Mike,

Thanks very much. To the extent we are able, we certainly will tell [REDACTED] if we ultimately identify any photos of her, but we can reiterate that we are not aware of having found any such photos as of yet. To assist in our continuing review, are there any particular identifying characteristics by which we might be able to identify her from that time period? I ask in part because it looks like she may [REDACTED] in one of the photos you sent, though I can't tell for certain.

Separately, we think it would be helpful to do a follow up interview with [REDACTED] some time in the coming weeks – our discussion with her was very helpful, and we'd like to speak with her again if that's possible. Would some time in the second or third week of August possibly work? No immediate rush, but wanted to start thinking about getting something on the calendar.
