I don't believe it will include GJ materials, but I will confirm and work with my contact there to figure out how to get the GJ files. I'm hoping it will include SW materials, but if not, they can help us get it from the clerk's office (and we have a signed copy from the Reuter file).

That's great! Will this include grand jury materials and the SW materials?

PBSA is giving us their entire Epstein file.

[REDACTED] when I get the email with the info about how to download the file, I'll forward it to you. Would you please download everything and save it on the share? You can put it here:
