Dropping her because I thought she was walled off? But no, no reason to discuss further.

Thanks. Are you planning to change your position from a while ago that you won't be listening to what NT has to say?

Good afternoon,

As you may be aware our office represents Nicholas Tartaglione who was a cellmate with Jeffery Epstein until Epstein's suicide attempt on July 22-23rd. Based on information already known to the BOP, I imagine that you are also aware that Mr. Tartaglione has information that would be helpful in rebutting the proposition that Epstein was murdered and will support the conclusion that Epstein was suicidal. Some of this information may be

corroborated. Similarly, Mr. Tartaglione also has information about the facility and the conduct of the staff at or around the time of the attempted suicide and, albeit to a lesser degree, conduct around the time of Epstein's actual suicide.

If you are interested in this information, I would suggest that we meet to discuss the matter.

Bruce A. Barket, Esq.
