[REDACTED], OLA's guidance to our Office with respect to similar requests from Congress has been either not to respond at all, or to respond with information already in the public record. With that in mind, we propose the following response to question four:

As the U.S. Attorney for the Southern District of New York stated on August 10th, the investigation into the conduct charged in the Indictment previously filed against Epstein – which included a conspiracy count – remains ongoing, and any evidence or potential testimony relating to that investigation will be handled by the Department accordingly.

Geoff: Please see question 4 in the attached letter. I'm not sure exactly what he's asking but can you please provide a preliminary response to Question 4.

Thanks.
