Date of entry 08/14/2019

On August 10, 2019 at approximately 1345 hours the reporting investigator met with BOP Lieutenant Doctor in an administrative office on the 9th floor opposite of the "L" tier. During that time a review of EPSTEIN's inmate records and activity conducted with the following information obtained:

- According to computer inquiries conducted at that time by Lt. Doctor EPSTEIN had no phone calls on file with BOP. Lt. Doctor found that inquiry to be odd because she was informed that EPSTEIN had in fact made a call on 08/09/2019. An inquiry of another inmate was conducted to ensure the database was operating correctly or that the inquiry was submitted correctly and phone records were revealed for the "test" inmate run. EPSTEIN's 08/09/2019 call was provided by BOP supervisor Nathaniel Bullock who also reported the call. Lt. Doctor informed that the call was made on an unsecure line or "legal line" which is not recorded. Lt. Doctor informed that the reason the call was placed in that manner was because EPSTEIN related to Bullock that there was an issue with his phone account and he could not make a "normal call". When asked to utilize EPSTEIN's code to make a "test" call to determine the validity of the reason for the unsecure call, Lt. Doctor informed that it would be impossible to test because the system is voice recognizable and voice activated. Lt. Doctor further informed that inmates are given calls once per every 30 days. It is one call that may last 15 minutes max. All calls are made from within the cell and BOP personnel bring in a receiver or headset for the inmate to utilize.
- Records indicate BOP supervisor Mebane notified EPSTEIN next of kin; Mark Epstein at # [REDACTED] at 1100 hours on 08/10/2019.
- Review of EPSTEIN's commissary yielded him to have funds in the amount of \$566.27 at the time of his death.
- EPSTEIN had no "authorized persons" or any persons listed on his call log.
- Lt. Doctor was able to finally retrieve a record of EPSTEIN's last call. The call was placed on the unsecure line at approximately 1900 hours and was made to # [REDACTED]. According to Lt. Doctor EPSTEIN indicated he was calling his mother. Lt. Doctor informed that EPSTEIN's mother is deceased.
- EPSTEIN's last cellmate was Efrain REYES (date of birth 03/10/1969) who
