Subject: Victim notification letter

Date: Wed, 22 Jul 2020 19:43:35 +0000

Hey guys,

[REDACTED] has been in contact with [REDACTED] and [REDACTED] lately as they have been requesting some sort of victim notification letter from the FBI for each of their victims that we have formally interviewed. They request that this letter that would state in short that they are a victim of Jeffrey Epstein's as identified by the FBI. Their hopes was to use this to assist them in applying for the victim compensation fund. They originally requested 302's of the interviews which obviously will not be providing during an active investigation. As me and [REDACTED] discussed earlier today this could be a little tricky because the generic letter [REDACTED] would typically use states something to the effect of "XXXXX has been identified by the FBI as a victim of a federal crime by Jeffrey Epstein". As we know not all of the girls we interviewed were necessarily victims of a federal crime but still we would like to do our best in appropriately assisting everyone who has been negatively effected by Jeffrey Epstein.

[REDACTED] suggested we jump on a phone call sometime next week to hash this out before returning to [REDACTED] and [REDACTED] with an answer on how we will proceed. What's everyone's availability next week? We already have one for 4:30 on Tuesday...how about doing a call that same day but earlier in the afternoon? I'm free all day.

Thanks,

- [REDACTED]
