I presume you'd suggest we decline to comment in response to Patty Hurtado's inquiry, below, about a filing by Maxwell's lawyers today in the civil suit by [REDACTED]

Hope you're AC is working wherever you are. Especially in the Silvio Mollo building?

I was wondering if you guys cared to comment on the allegations Ghislaine Maxwell's lawyers made in a filing to Judge Preska today in the [REDACTED] v. Maxwell case 15-cv-7433, document 1078, in which she questions how prosecutors got hold of her sworn testimony in the case which was supposed to be under seal.

She further alleges that [REDACTED] lawyers, working with the government, set a "perjury trap" for her when [REDACTED] took Maxwell's deposition in April, 2016.

I know, I know, but I have to ask you.

Thanks,

Patty Hurtado
