Perfect, thanks – and we’re aware of those differences (and want to keep them as labeled in our system for our tracking). And we just got another set that I’ll email you now.

All set on these – with a few duplicates. Just a couple of names that were different that I want to point out.

1. In the new 302s [REDACTED] (our files) is listed as [REDACTED]
2. In the new 302s [REDACTED] (our files) is listed as [REDACTED]

Everything else is all good and updated on the tracker.
