Hello [REDACTED]

My name is Christopher Brennan and I am an American reporter based in Paris, France.

I am looking to write a story about the role that Le Bourget airport in Paris played in the travels of Jeffrey Epstein before his death. As the case in NYSD is closed, I was wondering if I could speak to someone from your team about it, specifically about Epstein's modus operandi in regards to travel including airports.

Feel free to call me at my Skype number, which acts as a normal New York number and is [REDACTED].

Best,
Christopher
